Approximate pickup date requested: \_\_\_\_\_

This date is very important since plants are consistently being propagated and sold. What is sold out one week is often replenished the following week or two. If you have some flexibility let us know.

A 25% deposit will be required to confirm your order. We will let you know how much that is once we determine how much of your order we can fulfill.

For orders only, 2" and 2.5" pots are sold in increments of 32 pots, or quarts size pots in increments of 12, all single species. We will no longer be offering half flats. The 38 cell plug flats are always sold in full flats of a single species.
